The girls will be welcomed aboard the **Pink Spa Bus** and will experience the illusion of a real spa day. Wearing beautiful spa robes and headbands (for use only inside the bus), they'll enjoy a mini manicure (we file and polish their nails, **we do NOT cut them**). They will have a relaxing moment with a water-based, non-toxic facial mask.

During the event, each girl will go through the hair styling and makeup station while the rest of the group creates bracelets and necklaces. Later, they'll share fun moments with karaoke, Just Dance, and more activities.

Activities during the event are done spontaneously and tailored to the girls' interests and personalities, respecting their choice to participate or not in each activity.

Important

No adults are allowed on the spa bus once the activities begin, for space and comfort reasons. Parents and guardians may board only when strictly necessary.

Please make sure to select the package that best suits your event. No changes or refunds will be made on the day of the event.

Our service lasts between **1 hour 30 minutes and 2 hours**.
